COMMUNITY MEETING ROOM OPENS IN MID-COUNTY

New Ocean Honda dealership makes wired meeting room available to non-profit groups

SOQUEL, Calif. – April 2, 2009 – A new Mid-County community meeting room has opened at Ocean Honda's new dealership at 3801 Soquel Drive, Soquel.

Ocean Honda owner and president Steve John included the fully wired community room as part of the construction of his new spacious dealership, which opened last month.

"As a community volunteer myself, I know that meeting space is limited, particularly in the Mid-County area," said John. "I hope that our new community room can ease the crunch for community groups looking for a comfortable place to meet."

With a capacity of 20 people, the meeting room will be available Mondays through Thursdays, from 9 a.m. to 6 p.m. The room is wired for Internet access, and the facility is fully compatible with most audio-visual equipment. A second meeting room with wireless capacity also is available as well.

For information on meeting room guidelines, and to make a reservation, contact Maxine Adams at 464-1500, ext. 209.
