THE PROTECTOR NETWORK DELIVERS SAFETY AND SECURITY TOOLS, TIPS TO PROPERTY AND CASUALTY INSURANCE CLIENTS

*Complimentary Membership Now Available to Residential, Auto, and Business Clients of Capital
Insurance Group in Nevada and Oregon*

MONTEREY, Calif. – July 16, 2007 – The Protector Network, a benefits provider of safety and security tools and information, may change what people expect from their insurance provider. In partnership with the Capital Insurance Group, The Protector Network provides continuous services to help insured households and businesses reduce risks, prevent catastrophes, and respond to emergencies. The insurance carrier has announced that it is providing all of its residential, auto, and commercial policy clients in Nevada and Oregon with a complimentary membership to The Protector Network.

"A majority of people don't have an insurance claim during the life of their policy. They get peace of mind in case something bad happens, but little else." says Sandie Borthwick, Membership Administrator of The Protector Network. "We're out to change the run-and-hide reputation associated with ordinary insurance by showing that insurers can and ought to be by your side, continuously. We believe that's what people want, but couldn't find until The Protector Network came along."

The Protector Network provides members with free access and discounts to safety and security services, including disaster notification service, legal network of local and national law firms, anti-virus and spyware software protection from McAfee, and remote secure data backup. Other benefits feature informative and actionable tips, solutions, and recommended products to assist policy clients with their safety planning and protection.

The Protector Network assists individuals, families, and communities with risk prevention, preparedness, rapid response and safe lifestyle services, products, tools, solutions, benefits, and privileges. This is the only program of its kind to present customers with the opportunity to take advantage of easy-to-use safety solutions for both auto and home utility.

Membership is available exclusively through local independent insurance agents representing Capital Insurance Group and its affiliates in Nevada (Nevada Capital Insurance Company) and Oregon (Eagle West Insurance Company). To learn more about The Protector Network visit www.theprotectornetwork.com/cig7 or call 1-877-876-9103 ext. 7 to locate a local advisor.
